## Description :

Prsentation de l'diteurRedefining Airmanship offers the first concrete model of the abstract ideal of "airmanship," and gives the reader step-by-step guidance for self-appraisal and improvement in the areas of flight proficiency, teamwork, and good judgment in crisis situations. The author, Major Tony Kern, draws on his extensive flight and crew-training experience in the U.S. Air Force, but his model is invaluable for all pilots, whether military, recreational, or commercial. "Kern's work is a breakthrough, and a benchmark."--

John J. Nance, author of *Blind Trust* (Revue de presse) (Airmanship) is a unique work, which, perhaps for the first time, begins to define the professional ethos of being an airman." (Nance, John J. Author of *Blind Trust* and ABC News Aviation Consultant) "Kern hits the mark with the focus on individual responsibility and airmanship. . ." "There is no improvement like self-improvement, and "Airmanship" hits the critical points on complacency, discipline, and pilot judgment" (Brigadier General Chuck Yeager) Presentation de l'auteur Redefining Airmanship offers the first concrete model of the abstract ideal of "airmanship," and gives the reader step-by-step guidance for self-appraisal and improvement in the areas of flight proficiency, teamwork, and good judgment in crisis situations. The author, Major Tony Kern, draws on his extensive flight and crew-training experience in the U.S. Air Force, but his model is invaluable for all pilots, whether military, recreational, or commercial. "Kern's work is a breakthrough, and a benchmark." --John J. Nance, author of *Blind Trust*
