His first story was published in 1963, and his first novel, Chthon, in 1967. His first Xanth novel, A Spell for Chameleon, won the August Derleth Fantasy Award as the best novel for 1977, and his fantasy novels began placing on the New York Times bestseller list with Ogre, Ogre. He shifted from writing in pencil to writing on the computer, and Golem in the Gears was his first novel created on the machine; naturally, the computer found its way into Xanth.
