Miss Amelia Butterworth (who was christened Araminta but feels that too weak and sentimental a name for a woman of her), a 50-something spinster, looks out her window at midnight and sees a man and a woman enter the darkened house of her vacationing next door neighbors.

Though she says she is not an inquisitive woman, she continues to watch and sees the man leave alone. When the house is still dark the next day, she summons a policeman, and they find the body of an unknown woman. Discovering who she is and who killed her puts the purposeful Miss Butterworth in competition with Detective Ebenezer Gryce, still sleuthing at 77. Biographie de l'auteur Anna Katharine Green was the most famous and prolific writer of detective fiction in the United States prior to Dashiell Hammett. Her first novel, *The Leavenworth Case*, was the bestseller of 1878. Green is credited with a number of firsts within the mystery genre, including the gentleman murdered as he makes out his will and the icicle as murder weapon. She created the first female detectives in American fiction. Her amateur spinster sleuth, Amelia Butterworth, became the prototype for numerous women detectives to follow, including Agatha Christie's Miss Marple. Nosy, opinionated, and tenacious, Amelia Butterworth engages in a sustained rivalry with Ebenezer Gryce, a police detective. In the interaction between these characters, Green developed two more conventions adopted by future generations of mystery writers: the investigation as battle between the sexes and between the professional and the unexpectedly sharp, observant amateur.
